

# CE BK6000 Digital Video and Image Capturing Borescope

### Applications:

- Inspecting cylinder bores and valves through the spark plug hole
- Examine for gear wear in differentials and manual transmissions
- Viewing inside door and body panels to check for malfunctions, defects and hidden damage
- Inspecting under the dash for electrical routing, HVAC actuator operation and radio code verification
- Locating fluid leaks without a direct line of sight

### Features and Benefits:

- Records and plays back still images and video clips
- 3.5 inch display offers large viewing screen
- Quick-change connector enables use of optional length, specialized purpose imagers
- Removable, rechargeable lithium-ion battery pack
- Can operate BK6000 while charging the battery
- Integrated stand and hangar for flexible positioning
- Easy-to-use, multi-language interface
- 2x digital zoom for increased viewing and recording flexibility
- Mini USB connector for uploading images and video to a computer for viewing and e-mailing
- External SDHC card slot – using SD cards, save images and videos to take with anywhere
- Control handle disengages to allow greater maneuverability of imager
- Audio input jack for recording comments with optional ear bud & microphone attachment.
- Two-year warranty for added purchase security

### WARNINGS

- Wear safety goggles. (User and bystanders)
- Read additional safety precautions on pages 534 to 537 in product catalog CAT1000.
